

PRESS RELEASE

REGIMBEAU MONTPELLIER: ARRIVAL OF ARMELLE LEONARD

Montpellier, 1 September 2016 - Established in Montpellier since 2010, REGIMBEAU has the pleasure to announce the arrival of Armelle LEONARD, European and French Patent Attorney.

Armelle LEONARD, a pharmacology and biotechnology engineer, has acquired fifteen years' experience as an industry based Patent Attorney (for start-ups and multinationals), enhanced by two years as the Legal and Intellectual Property Director of the Technology Transfer Acceleration Company for the former Languedoc-Roussillon region.

REGIMBEAU's expertise is founded on a thorough understanding of their client's activity, within their environment, to fulfil their individual requirements.

In this, **Armelle LEONARD**, who also has a good knowledge of the local industrial activity and public research, will be a **privileged interlocutor for public companies and organisations in the Life Sciences field**, both for the acquisition of rights and the management of patent portfolios, whether in the defence of rights and for asset valuation.

Historically based in Paris, REGIMBEAU, an Intellectual Property leader, is present in Montpellier, Lyon, Grenoble, Toulouse, Rennes and Caen.

Since 2012, REGIMBEAU is also present in Munich in order to be at the heart of European patent bodies.
