

IP INTELLIGENCE DEPARTMENT

“Your inventiveness enriches our business. Your discoveries and creations allow us to assist you in ever more diverse fields.”

Our team of information experts and Intellectual Property specialists is made up of five engineers (chemistry, physics, and biology) and one attorney. It provides the technical and human means necessary in order to deliver high quality information, adapted to any specific demand. It manages both internal requests from our engineers and attorneys, as well as external requests directly from our clients.

● OUR EXPERTISE

- ⊙ **Researching, analysing and disseminating scientific and technological information on a specific sector:**
 - Patents, trademarks, designs and models, domain names
 - Freedom to operate
- ⊙ **Legal intelligence (laws, decrees, jurisprudence, proposed legislation, etc) Allowing our clients to:**
 - Remain informed and anticipate any changes relating to a piece of legislation.
 - Identify legal keys to open up foreign markets subject to specific national regulations.
- ⊙ **Technological and competitive intelligence:**
 - Patent prior-art searches and analysis on freedom to manufacture/market a product.
 - Up to date information on the competition and monitoring of commercial and technological developments within your market, before the launch your R&D project

○ **OUR TOOLS**

- Databases; Economic, Legal and Scientific literature, news and articles available on commercial servers; Internet, etc.
- Internal thematic files created from over 100 technical and legal reviews.
- On-line services
 - Documentary and information monitoring, with the possibility to organise and export the information collected and benefit from the links to public databases.
 - Access to targeted information files

○ **OUR GOALS**

- Provide the necessary elements for strategic decision making.
- Provide useful information to:
 - Evaluate the short and medium term risks.
 - Anticipate and access future developments.
- Enable our customers to seize the best market opportunities.

Isabelle CLERY Head of the IP Intelligence Department since its creation in 1996. A Patent Attorney, she holds a Master's degree in Organic chemistry and an MBA in Business Management. Isabelle is a graduate from Centre for International Intellectual Property Studies (CEIPI) and manages a multidisciplinary team.

- **About REGIMBEAU:**

REGIMBEAU is a French IP law firm which, for 80 years, has been assisting companies and private and public project developers to protect, enhance and gain profit from their innovations (patents, trademarks, designs). Twelve partners head a team of about 200 people whose skills are put into practice in every strategic aspect of Intellectual Property - business intelligence and information search, license agreements, IP portfolio audits, partnership negotiations, acquisition of industrial property rights, litigation. Thanks to its wide-ranging expertise, REGIMBEAU (present in Paris, Rennes, Lyon, Grenoble, Montpellier, Toulouse, Caen and Munich) can meet its clients' needs for international strategic consulting while preserving personalized relations of the highest quality.
